All members present now have a DBS through the FA.

CW has put himself forward to support KR with the team. He understands that there will be some training courses that he will need to complete. CW has said that there may be some match days he cant attend therefore MV or JM will need to be there.

MV stated that it might be useful to ask a couple of parents to become official helpers, this will require them to complete the relevant courses & DBS.

MV expressed that the FA affiliation process has been completed.

JM gave an update about the insurances that the club has. One of the policies had to be changed to match what the FA require grassroots clubs to have.

CW explained that the bank account is now up and running. There are no monthly fees with it. Only CW and MV have access to the online banking and are approvers for online payments/transfers. CW will keep a spreadsheet of income and outgoings.
